

Heat Exchanger Identification Chart

Use the following chart to identify existing heat exchangers without model tags. Below each sketch is the American Industrial equivalent model series. To match dimensional and material specifications see specific matching Series section located within this catalog.

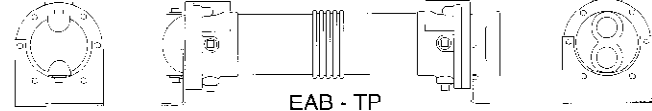

AB, SAE, & STS - Single Pass

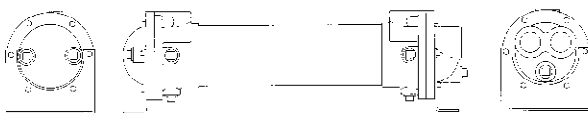

EAB - SP

AB, SAE & STS - Two Pass

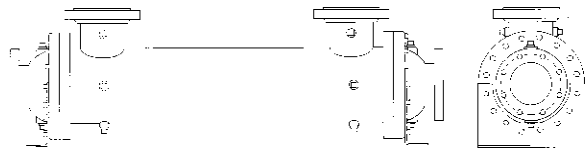

EAB - TP

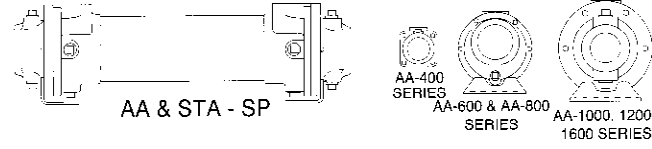

AB, SAE & STS - Four Pass

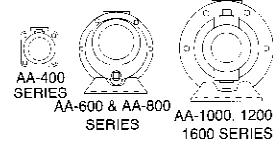

EAB - FP

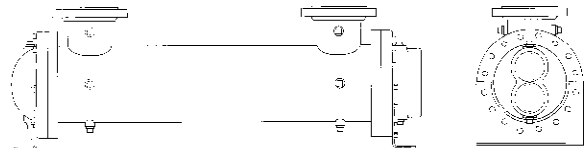

AB - 2000 - SP

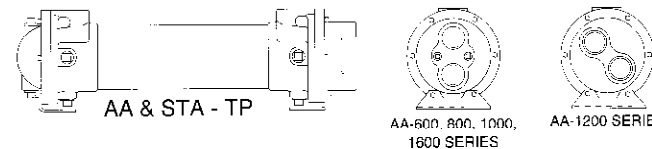

AA & STA - SP

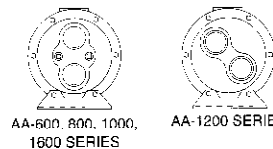

AA-400 SERIES
AA-600 & AA-800 SERIES
AA-1000, 1200, 1600 SERIES

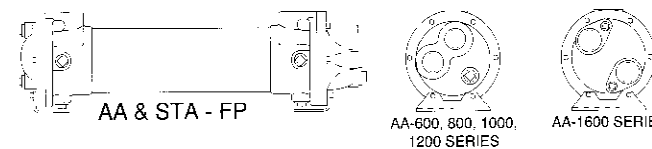

AB - 2000 - TP

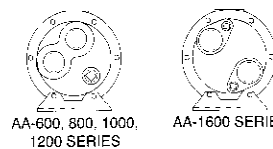

AA & STA - TP

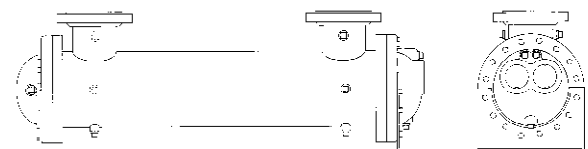

AA-600, 800, 1000, 1600 SERIES
AA-1200 SERIES

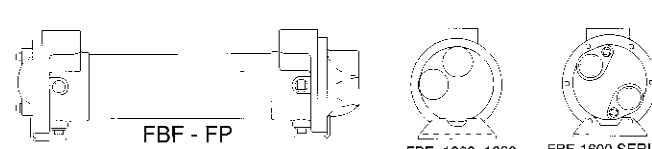

AA & STA - FP

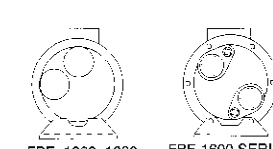

AA-600, 800, 1000, 1200 SERIES
AA-1600 SERIES

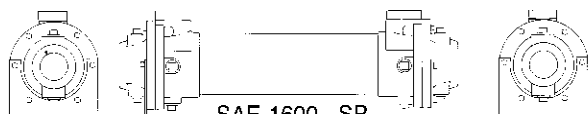

AB - 2000 - FP

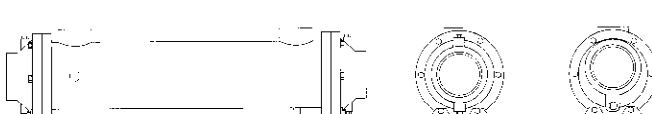

FBF - FP

FBF-1000, 1200 SERIES
FBF-1800 SERIES

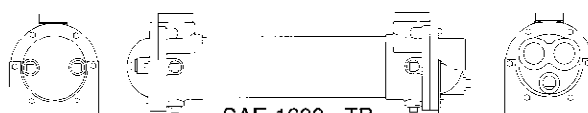

SAE-1600 - SP

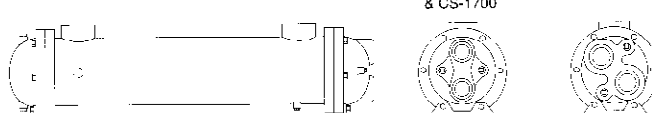

CS & STC - SP

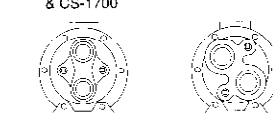

CS-1000, CS-1200, & CS-1700
CS-600 & CS-800

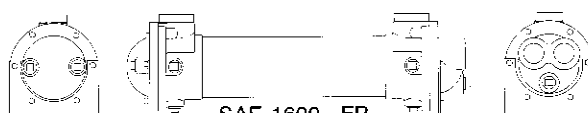

SAE-1600 - TP

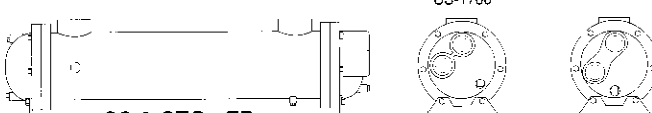

CS & STC - TP

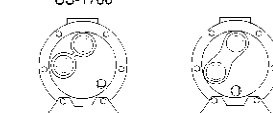

CS-600
CS-1000
CS-1700
CS-800
CS-1200

SAE-1600 - FP

CS & STC - FP

CS-600, CS-800
CS-1000, CS-1200
CS-1700
